

# Creating Better Broadband in Cambridge

## We want to hear from you!

---

Join the City's Broadband Task Force for an interactive **Community Input Forum** on:

**Wednesday, October 14, 2015**

6pm - 8pm

Cambridge City Hall

---

Come and tell us what matters to you about broadband service in Cambridge. What do you care about:

- Competition?
- Prices?
- Speed and reliability?
- Customer service?
- Any other aspect of broadband service?

This Forum is an opportunity for participants to actively engage with fellow members of the community to help develop a set of priorities for Task Force members and City leaders to consider. Everyone will have the opportunity to participate, listen, and share ideas at this Forum. You are encouraged to come if you:

- Live in Cambridge
- Operate a business in the City
- Deliver public services or operate a nonprofit organization in the City

Participants will also have the opportunity to meet members of the Task Force and learn more about this initiative. We hope to see you there!
