Contact SP&R as soon as possible if your child will be absent from school. If SP&R is not notified of absence, transportation will be discontinued after the third day.

If for some reason you drive your child to school one day, but still require afternoon transportation, please let SP&R know. If they do not transport a student in the morning, they assume that the child does not need afternoon transportation.

If the bus is late, please report this directly to SP&R. Additionally, we would appreciate it if you would call Tina Fisher or Mary Canavan (in-district) or Janet Snedeker (out-of-district) as this would help monitor SP&R's performance. If we do not hear from you we can only assume that everything is running smoothly.

We realize that parents sometimes call their drivers/monitors with transportation changes, however you must also call SP&R at the above number. Leave a message if necessary. If you make special arrangements with the driver, a substitute driver will not know and will adhere to the normal schedule.

If there is a significant delay in transportation to your home or a student's after school program, you will receive a phone call from SP&R detailing the circumstances and approximate arrival time.

If your child's afterschool program cancels it is your responsibility to notify the dispatcher at SP&R. The programs do not notify SP&R when they are closed.

If Cambridge schools are closed due to inclement weather, transportation will not be provided in or out of the district. If your child attends an out-of-district school, and the schools in the town in which that school is located are closed, transportation will not be provided even if your child's school is open.

Changes to your child's transportation must be made through the Cambridge School Department.
